INTERNET and GOOGLE ACCESS

The Dike-New Hartford School District will provide all students in grades PK-12 access to the school's Internet service. Students in grades 2-12 will also be given access to Google Applications, to include a school Gmail account, Google Docs, Google Classroom, Google Sites, and other Google applications. This access is a privilege, and is provided to support schoolwork and projects, as well as vast resources for research and learning. With this access comes an expectation of responsibility for each student. Dike-New Hartford Schools can and will remove this access, should it be abused. Please type your (parent or guardian) initials in each line below to indicate **parent and student** understanding of this responsibility.

_____ I (parent or guardian) give permission for my student to be granted Internet and Google Application access during the school year.

_____ We (parent and student) understand that district Internet access and Google Applications are for schoolwork and school-related projects only.

_____ We understand that Google Applications cannot be used to make threats or demeaning comments to others. We will report all misconduct to staff immediately.

_____ We understand that my student should never post any personal information (name, phone number, pictures) on his/her school Google Applications account.

_____ My student will abide by the guidelines set down by the district and his/her individual teacher(s) as it pertains to this access.

_____ We understand that material accessed must be educationally appropriate. Material or language that is threatening, obscene, vulgar, sexually explicit, or otherwise inappropriate is strictly prohibited for all users.

_____ My student will respect all copyright and licence agreements, and cite all sources, references, and quotes.

_____ We understand that if my student misuses these tools, they may be taken away. Students incurring any violation as it relates to computer or Internet access will receive restricted access, increasing with the second offense. A third offense may result in the removal of all Internet privileges, either for the school year or permanently.
